

To all our brother's in Christ

Dear brother's in Christ:

That the grace of our Lord Jesus Christ is with each one of you.

Receive an affectionate greeting of the whole church in general. We dearly remember all of you that came from-Maine to Honduras, we fill a lot of affection for all the saints of our Lord Jesus Christ, and we will always continue praying for all the team from Maine.

Dear siblings thanks to God and to you, that he sent you to do this bridge, this job is very important for the community and for the church. We want you to know that whole work is finish so we want that you fill rejoicing with us by knowing that the bridge is finish. We ask for forgiveness for not sending you photograph at the opening of the bridge because we don't have a good camera to take pictures at night.

That our God continued to use you and the whole team in this type of work. We pray to the Lord that he may continue the "Good Harvest" in your ministry that he has trusted you. God blesses you and the whole congregation in Barharbor, Maine.

That God blesses you all.
